d. Business-like and friendly

1.8 The physiological barriers of communication include: (Quizzes & Midterm Answers ملف ميدترم)

a. Illness
b. Distance
c. Fear
d. Language

1.9 The teacher must use a nonjudgmental method with learners to: (Quizzes & Midterm Answers ملف ميدترم)

a. Assist the learner to identify his own style
b. Reduce the learner's anxiety about failure
c. Relate the learner's performance to goal
d. Facilitate learner retention of information

1.10 Learning can be inhibited by physiologic events. (True / False) (Quizzes & Midterm Answers ملف ميدترم)

a. True
b. False

1.11 Which of the following is among the learner's barriers to learn? (Quizzes & Midterm Answers ملف ميدترم)

a. Giving feedback after performance
b. High level of anxiety & fear
c. Starting teaching from simple to complex
d. Providing non-judgmental support

1.12 One of the following is a physiological barrier of the learner to communicate effectively: (stratigy ملف ميدتيرم ميدترم)

a. Fear and anxiety
b. Poor lightening
c. Hearing problem
d. Values and behavior

1.13 The teacher should use a nonjudgmental approach with learners to: (stratigy ملف ميدتيرم ميدترم)

a. Reduce anxiety about failure
b. Facilitate retention of information
c. Relate performance to goal
d. Assist to identify his own style

1.14 A nurse educator can promote a culture of diversity, excellence, and integrity in the classroom by: (Microsoft Forms كويز 1 استراتيجيات التدريس)

a. Setting strict rules without allowing flexibility or student input
b. Encouraging open dialogue, modeling ethical behavior, and providing resources that promote fairness and equal opportunity for all students
c. Limiting access to resources based on students' academic performance
d. Focusing only on academic performance and ignoring emotional or social needs

1.15 When dealing with learners from diverse backgrounds, a nurse educator should: (Microsoft Forms كويز 1 استراتيجيات التدريس)

a. Assume that all students have the same learning needs
b. Make decisions based on stereotypes of cultural or ethnic groups
c. Tailor teaching strategies to accommodate different learning styles and needs
d. Treat all students identically regardless of differences to avoid any perception of bias

1.16 **Which of the following is indicative of the quality of teaching?** كويز 2 استراتيجيات 2025 (ترم أول)

a. Period of maintaining peace in the classroom
b. Standard of questions raised by students in the classroom
c. Standard of answers replied by students
d. Pass percentage of the students

1.N1 A nurse educator modifies teaching for students with different cultural backgrounds. This reflects the NLN core value of: NCLEX

a. Excellence
b. Diversity
c. Integrity
d. Caring

1.N2 Which teacher behavior is characteristic of an unsuccessful teacher? NCLEX

a. Stimulating and imaginative
b. Conservative and routine
c. Understanding and sympathetic
d. Business-like and friendly

1.N3 Select ALL personal competencies of an effective teacher. SELECT ALL

a. Listening and communication skills
b. Emotional intelligence
c. Presentation skills
d. Motivation and facilitation skills
e. Judgmental attitude

1.N4 A nurse educator collects data on students' outcomes to improve the curriculum. This is the role of: NCLEX

a. Planner
b. Researcher/evaluator
c. Counselor
d. Role model

1.N5 Why should the teacher use a non-judgmental approach? NCLEX

a. To shorten the lesson
b. To reduce learners' anxiety about failure
c. To grade faster
d. To avoid feedback

1.N6 Which is a physiological barrier to learning? NCLEX

a. Fear
b. Hearing problem
c. Cultural values
d. Noise

غطّي العمود الأبيض بورقة واختبر نفسك: شوف المصطلح وقول التعريف.

Nurse educator roles	Teacher, leader, researcher, planner, facilitator, evaluator.	**NLN core values**	Caring, integrity, diversity, excellence.

Facilitator	Directs the flow; ensures standards upheld.
Planner	Sets learning objectives; plans tasks per learner abilities.
Unsuccessful teacher	Conservative and routine.
Non-judgmental approach	Reduces anxiety about failure.
Cultural barrier	Norms and values.
Researcher	Evaluates outcomes, tracks progress, integrates evidence.
Effective teacher	Stimulating, imaginative, understanding, friendly.
Competencies	Communication, emotional intelligence, presentation, motivation, facilitation.
Physiological barrier	Illness, hearing problem, pain.
Environmental barrier	Noise, poor lighting.

2.1 Which learning theory supports the nurse educator's role in providing immediate feedback to reinforce desired behaviors? تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

2.2 Which intelligence is most relevant for a nursing student excelling in patient communication? تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Naturalistic
b. Interpersonal
c. Intrapersonal
d. Emotional

2.3 The key limitation of behaviorism in nursing education: تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Ignores the role of internal mental processes
b. Stresses critical thinking
c. Focuses on self-directed learning
d. Promotes cooperative learning

2.4 Which learning theory focuses on how students process, store and retrieve information? تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

2.5 Which of the following is NOT one of Gardner's multiple intelligences?

فاينال ترم أول 2025 (صور الجروب)

a. Linguistic
b. Musical
c. Naturalistic
d. Emotional

2.6 Which study method would align with a right-brain learner's strengths?

فاينال ترم أول 2025 (صور الجروب)

a. Writing out key information repeatedly
b. Creating a checklist to track progress
c. Drawing concept maps and diagrams
d. Reading linear detailed explanations

2.7 The VARK model explains the concept of "learning preferences" as:

فاينال ترم أول 2025 (صور الجروب)

a. Rigid and unchangeable across contexts
b. Cognitive abilities not important in education
c. The ways individuals best process and retain information
d. Inherent characteristics that cannot be modified

2.8 The VARK model suggests that when a learner is predominantly auditory, he might struggle with which task? فاينال ترم أول 2025 (صور الجروب)

a. Group discussions and oral presentations
b. Graduation research projects with peers
c. Tutorials that rely on visual components
d. Interpreting written instructions without verbal explanations

2.9 If, as a teacher, you set clear learning objectives and design repetitive practices, what theory of learning is evident? ميدترم ترم تاني 2025 (صور الجروب)

a. Cognitivism
b. Social constructivism
c. Social behaviourism
d. Behaviorism

2.10 The proper order of the key steps of social learning theory is: ميدترم ترم تاني 2025 (صور الجروب)

a. Attention, motivation, reproduction, retention
b. Motivation, retention, reproduction, attention
c. Attention, retention, reproduction, motivation
d. Retention, reproduction, attention, motivation

2.11 Which type of memory is responsible for procedural skills? ميدترم ترم تاني 2025 (صور الجروب)

a. Explicit
b. Semantic
c. Implicit
d. Episodic

2.12 In cognitivism, learning is explained by how a person: ميدترم ترم تاني 2025 (صور الجروب)

a. Behaves
b. Thinks
c. Reacts
d. Talks

2.13 Skinner's experiment drew our attention to which aspect of behaviorist learning theory? ميدترم ترم تاني 2025 (صور الجروب)

a. Humans learn like animals do
b. Reinforcement can strengthen learning
c. Reintegration of learning
d. Rats learn quicker than dogs

2.14 What is the main benefit for the learner to know his/her learning style? ميدترم ترم تاني 2025 (صور الجروب)

a. Choose the right career path
b. Read and write faster
c. Adapt proper learning strategies
d. Impress teachers with your skills

2.15 A student was not allowed to participate in class activities because of his poor grades. This is known as: ميدترم ترم تاني 2025 (صور الجروب)

a. Punishment
b. Negative reinforcement
c. Exclusion
d. Positive reinforcement

2.16 Complete: Learners who remember conversations and enjoy reading text aloud are ..... ميدترم ترم تاني 2025 (صور الجروب)

.....

2.17 Complete: Learners who learn best by application of information are .....

ميدترم ترم تاني 2025 (صور الجروب)

.....

2.18 Complete: A biologically and developmentally imposed set of personal characteristics that make the same teaching method effective for some and ineffective for others is .....

ميدترم ترم تاني 2025 (صور الجروب)

2.20 Complete: The acronym that refers to the four types of learning styles categorized by sensory approaches is .....

ميدترم ترم تاني 2025 (صور الجروب)

.....

2.21 The way individuals process information is defined as:

ميدترم (ملف Quizzes & Midterm Answers)

a. Learning need
b. Learning style
c. Learning process
d. Learning goal

2.22 Kinesthetic is a learning style that remembers by doing, moving and touching. (True / False)

ميدترم (ملف Quizzes & Midterm Answers)

a. True
b. False

2.23 Learning styles refer to:

ميدترم (ملف ميدتيرم stratigy)

a. Time when the learner expresses his interest
b. Methods of health care techniques
c. Characteristics of intended learners
d. Way that learners process information

2.24 Visual learners process new information through:

ميدترم (ملف ميدتيرم stratigy)

a. Lectures and discussion
b. Written and verbal directions
c. Records and reports
d. Graphics and illustrations

2.25 Which learning style is considered when the client demonstrates insulin injection?

ميدترم (ملف ميدتيرم stratigy)

a. Visual
b. Kinesthetic
c. Auditory
d. Reading

2.26 Items can typically be stored in working memory (skills and procedures) for approximately how long?

كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Approximately 5 minutes
b. About 20 seconds
c. For an indefinite period
d. Only a few hours

2.27 Compared to the behavioristic orientation, the cognitive learning theory recognizes people as what type of learners? كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Observable actions
b. Active
c. Continuous
d. Innate

2.28 The correct sequence of the observational learning process is: كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Retentional → Production → Motivational → Attentional
b. Attentional → Retentional → Production → Motivational
c. Motivational → Attentional → Production → Retentional

2.29 The essential difference between negative reinforcement and punishment is that: كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Punishment decreases the behavior while negative reinforcement increases it
b. Individual performance contracts with each student
c. Behavior modification
d. Reduce the amount of information to be stored in memory

2.30 The primary difference between implicit and explicit memories is the amount of information that can be stored in each type of memory. (True / False) كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. True
b. False

2.31 What are role models? كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Individuals who provide us with financial support and resources
b. Peers who we compete with in various activities and sports
c. Characters that influence our dreams and aspirations
d. Family members who we observe and imitate

2.32 Which of the following can best describe learning? كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Adopting problem solving strategy to enhance critical thinking
b. A relatively permanent change of behavior
c. Using motivation and reinforcement to ensure readiness to learn
d. Using a variety of innovative teaching

2.33 Classical conditioning theory propounded by Ivan Pavlov explains learning by: كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Reinforcement
b. Association
c. Imitation
d. Insight

2.34 A _____ strengthens a behavior while a _____ decreases a behavior. كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Reinforcer; punishment
b. Incentive; neglect
c. Encouragement; distraction
d. Motivator; reward

2.35 "All human beings possess all nine intelligences in varying degrees" is a key principle of: (Microsoft Forms) كويز 1 استراتيجيات التدريس

a. Cognitivism
b. Social learning theory
c. Gardner's theory
d. Behaviorism

2.36 Which of the following would best appeal to a right-brain learner studying science? (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Conducting a step-by-step experiment
b. Reading detailed research papers
c. Watching a summarized video about the topic
d. Creating an organized chart of scientific findings

2.37 In the VARK model, a learner who benefits from physical movement, hands-on activities, and simulations is classified as: (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Visual
b. Kinesthetic
c. Auditory
d. Reading/Writing

2.38 According to VARK, if a learner demonstrates an even preference for all four styles, the best teaching strategy is to: (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Focus primarily on one style that the learner enjoys
b. Develop a balanced and diverse approach to instruction
c. Limit instruction to written content and lecture formats
d. Provide only visual and auditory resources

2.39 Which of the following describes a left-brain learner's approach to solving a complex problem? (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Brainstorming a wide range of possibilities
b. Applying logical steps and a clear process

2.40 A student who prefers listening to lectures, discussions and podcasts, and excels at remembering spoken information, is most likely which type of learner in the VARK model? (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Visual
b. Kinesthetic
c. Auditory

2.41 Which study habit aligns best with a visual learner's strengths? (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Using flowcharts and mind maps to organize information
b. Listing facts aloud repeatedly
c. Typing out essays to reinforce ideas

2.42 A kinesthetic learner needs to study anatomy. What should they prioritize? (Microsoft Forms) كويز 2 استراتيجيات التدريس

a. Watching animated videos
b. Reading a detailed textbook
c. Using a model while studying
d. Listening to a lecture

2.43 How can a reading/writing learner best retain knowledge for an exam? كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Writing information multiple times
b. Associating words with images
c. Watching videos multiple times
d. Acting out the meanings

2.44 Implicit memory is a type of memory that involves: كويز 1 استراتيجيات – ترم تاني 2025

a. Conscious recollection of information
b. Unconscious retention of information
c. Explicit retrieval of information
d. Declarative knowledge

2.45 Which intelligence is most relevant for a nursing student excelling in patient communication? تكرر في 2 مصادر كويز 1 استراتيجيات – ترم تاني 2025

a. Naturalistic
b. Interpersonal
c. Intrapersonal
d. Emotional

2.46 Which learning theory focuses on how students process, store, and retrieve information? تكرر في 2 مصادر كويز 1 استراتيجيات – ترم تاني 2025

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

2.47 Which classroom activity would most engage a kinesthetic learner? كويز 1 استراتيجيات – ترم تاني 2025

a. Writing an essay
b. Participating in a role-play exercise
c. Listening to a podcast
d. Watching a slideshow presentation

2.48 The key limitation of behaviorism in nursing education: تكرر في 2 مصادر كويز 1 استراتيجيات – ترم تاني 2025

a. Ignores the role of internal mental processes
b. Stresses critical thinking and problem-solving
c. Focuses on self-directed and life-long learning
d. Promotes collaborative and cooperative learning

2.49 Which learning theory supports the nurse educator's role in providing immediate feedback to reinforce desired behaviors? تكرر في 2 مصادر كويز 1 استراتيجيات – ترم تاني 2025

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

2.50 A spatial learner is tasked with analyzing data. What approach would work best? كويز 1 استراتيجيات – ترم تاني 2025

a. Discussing the data in a group
b. Reading a detailed textual explanation
c. Creating graphs and visualizing trends

2.51 The way that learner process information is called: أسئلة سابقة

a. Learning styles
b. Learning needs
c. Learning objectives
d. Learning resource

2.52 A client demonstrates insulin injection, this is considered which learning style: أسئلة سابقة

a. Visual
b. Kinesthetic
c. Auditory
d. Reading

2.53 The way that learner process information is called: أسئلة سابقة

a. Learning resource
b. Learning needs
c. Learning styles
d. Learning objectives

2.54 Nurses must be aware of many learning styles to: أسئلة سابقة

a. Exclude many learners
b. Assess learners' desires
c. Monitor behavior change
d. Deal with different learners

2.55 Kinesthetic learners process new information through: أسئلة سابقة

a. Images and demonstrations
b. Graphics and illustrations
c. Lectures and discussion
d. Touching, feeling, or doing

Part B · NCLEX-Style Practice

أسئلة على طريقة NCLEX (إضافة)

2.N1 Pavlov's classical conditioning explains learning through: NCLEX

a. Reinforcement
b. Association between stimuli
c. Imitation
d. Insight

2.N2 Removing an unpleasant stimulus to increase a behavior is: NCLEX

a. Positive reinforcement
b. Negative reinforcement
c. Punishment
d. Extinction

2.N3 Select ALL steps of Bandura's social learning in correct sequence elements. SELECT ALL

a. Attention
b. Retention
c. Reproduction
d. Motivation
e. Assimilation

2.N4 Which theory views learners as active processors who store and retrieve information? NCLEX

a. Behaviorism
b. Cognitivism
c. Classical conditioning
d. Operant conditioning

2.N5 A student who learns best using models and hands-on practice is a: NCLEX

a. Visual learner
b. Auditory learner
c. Reading/writing learner
d. Kinesthetic learner

2.N6 Procedural skills (e.g., riding a bike) are stored in which memory? NCLEX

a. Explicit
b. Episodic
c. Implicit
d. Semantic

Learning	Relatively permanent change of behavior.	**Behaviorism**	Observable behavior; S-R; limitation: ignores mental processes.
Classical (Pavlov)	Learning by association; involuntary response; passive learner.	**Operant (Skinner)**	Learning by consequences; voluntary; active learner.
Positive reinforcement	Add pleasant → behavior ↑.	**Negative reinforcement**	Remove unpleasant → behavior ↑.
Punishment	Behavior ↓ (e.g., excluded from class for poor grades).	**Cognitivism**	How people think, process, store, retrieve; active learners.
Social learning (Bandura)	Attention → retention → reproduction → motivation; role models.	**Gardner**	9 intelligences; all possessed in varying degrees.
Working memory	~20 seconds.	**VARK**	Visual, Auditory, Reading/writing, Kinesthetic.

Teaching-Learning Process

عملية التعليم والتعلم

Part A · Past Exam Questions

أسئلة الدفعات السابقة

3.1 The key characteristic of the educational process in nursing is: — فاينال ترم أول 2025 (صور الجروب)

a. Being a systematic and planned course of action
b. Unstructured and spontaneous by nature
c. Focusing on theoretical knowledge
d. Excluding the learner from the process

3.2 What is teaching? Teaching is a process of ..... تكرر في 2 مصادر — فاينال ترم أول 2025 (صور الجروب)

a. Building strength to perform well on sports day
b. Giving moral and financial support
c. Attending to people's needs, experience and feelings
d. Helping others to grow physically and psychologically

3.3 Which of the following best defines learning in nursing education? — فاينال ترم أول 2025 (صور الجروب)

a. A passive process of receiving information
b. A focus mainly on memorization
c. A process of relative changing of behavior
d. A process that does not require feedback

3.4 The 'matter/content' in the teaching-learning process is significant because it: — فاينال ترم أول 2025 (صور الجروب)

a. Refers to the teaching methods
b. Is unrelated to the subject matter
c. Directs the emotional environment
d. Specifies what is to be learned based on objectives

3.5 Which of the following is essential for establishing a conducive learning environment? — فاينال ترم أول 2025 (صور الجروب)

a. A rigid structure with no flexibility
b. A stimulating and positive atmosphere
c. A focus on passive learning methods
d. A lack of teacher-student interaction

3.6 Which of the following is a limitation of concept maps in nursing education? — فاينال ترم أول 2025 (صور الجروب)

a. They can be time-consuming to develop
b. They inhibit creativity
c. They decrease memorization
d. They need more than one person

3.7 **A mind map can be used to analyze a patient case study by:** فاينال ترم أول 2025 (صور الجروب)

a. Listing signs without connections
b. Organizing visually patient data, diagnoses and interventions
c. Avoiding visual elements
d. Concentrating only on theory

3.8 **Which learning method is more appropriate for developing a nursing care plan and why?** فاينال ترم أول 2025 (صور الجروب)

a. Mind map, due to its flexibility
b. Concept map, due to its structured methodology
c. Both equally effective
d. Neither is appropriate

3.9 **A concept map can be used to identify gaps in a nursing student's knowledge through:** فاينال ترم أول 2025 (صور الجروب)

a. Avoiding connections between concepts
b. Analyzing missing or incorrect connections between concepts
c. Memorization of facts
d. Replacing traditional assessments

3.10 **Which of the following indicates the importance of using a valid evaluation tool?** فاينال ترم أول 2025 (صور الجروب)

a. Easier to be graded
b. Tests only memorized knowledge
c. Ensures the tool measures what it is supposed to measure
d. Covers the cognitive domain totally

3.11 **Formative feedback is considered effective in nursing education when students:** فاينال ترم أول 2025 (صور الجروب)

a. Receive average grades on summative assessments
b. Express satisfaction with feedback
c. Require less supervision
d. Demonstrate improvement in next assessments

3.12 **The key participant in the teaching and learning process is:** ميدترم ترم تاني 2025 (صور الجروب)

a. Teacher
b. Auditor
c. Content
d. Learner

3.13 **The element of teaching and learning that consists of purposeful, planned activities and tasks used by the teacher and learners to bring the intended outcomes is:** ميدترم ترم تاني 2025 (صور الجروب)

a. Method
b. Education
c. Environment
d. Content

3.14 Relevance is a factor that affects the learning process as the client: تكرر في 2 مصادر

ميدترم (ملف Quizzes & Midterm Answers)

a. Is actively involved in the learning process meaningfully
b. Takes feedback properly to support the desired goal
c. Connects new information with what is already known
