Past exam questions	NCLEX-style	Flashcards

المصادر اللي اتجمعت منها أسئلة المحاضرة دي:

فاينال ترم أول 2025 (صور الجروب) · ميدترم ترم تاني 2025 (صور الجروب) · ميدترم (ملف Quizzes & Midterm Answers) · ميدترم (ملف stratigy) · كويز 1 استراتيجيات التدريس (Microsoft Forms) · أسئلة سابقة · كويز 1 استراتيجيات – ترم تاني 2025 · كويز 2 استراتيجيات التدريس (Microsoft Forms)

جنب كل سؤال مصدره. لو السؤال اتكرر في كذا امتحان مكتوب كل مرة بمصدرها، وعليه علامة "تكرر". الإجابات كلها في آخر الملف.

اللَّهُمَّ لا سَهْلَ إِلَّا ما جَعَلْتَهُ سَهْلًا، وأنتَ تَجْعَلُ الحَزْنَ إذا شِئْتَ سَهْلًا — صلِّ على النبي ﷺ

Part A · Past Exam Questions

أسئلة الدفعات السابقة

1 Which learning theory supports the nurse educator's role in providing immediate feedback to reinforce desired behaviors? تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

2 Which intelligence is most relevant for a nursing student excelling in patient communication? تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Naturalistic
b. Interpersonal
c. Intrapersonal
d. Emotional

3 The key limitation of behaviorism in nursing education: تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Ignores the role of internal mental processes
b. Stresses critical thinking
c. Focuses on self-directed learning
d. Promotes cooperative learning

4 Which learning theory focuses on how students process, store and retrieve information? تكرر في 2 مصادر

فاينال ترم أول 2025 (صور الجروب)

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

5 Which of the following is NOT one of Gardner's multiple intelligences?

فاينال ترم أول 2025 (صور الجروب)

a. Linguistic
b. Musical
c. Naturalistic
d. Emotional

6 Which study method would align with a right-brain learner's strengths? فاينال ترم أول 2025 (صور الجروب)

a. Writing out key information repeatedly
b. Creating a checklist to track progress
c. Drawing concept maps and diagrams
d. Reading linear detailed explanations

7 The VARK model explains the concept of "learning preferences" as: فاينال ترم أول 2025 (صور الجروب)

a. Rigid and unchangeable across contexts
b. Cognitive abilities not important in education
c. The ways individuals best process and retain information
d. Inherent characteristics that cannot be modified

8 The VARK model suggests that when a learner is predominantly auditory, he might struggle with which task? فاينال ترم أول 2025 (صور الجروب)

a. Group discussions and oral presentations
b. Graduation research projects with peers
c. Tutorials that rely on visual components
d. Interpreting written instructions without verbal explanations

9 If, as a teacher, you set clear learning objectives and design repetitive practices, what theory of learning is evident? ميدترم ترم تاني 2025 (صور الجروب)

a. Cognitivism
b. Social constructivism
c. Social behaviourism
d. Behaviorism

10 The proper order of the key steps of social learning theory is: ميدترم ترم تاني 2025 (صور الجروب)

a. Attention, motivation, reproduction, retention
b. Motivation, retention, reproduction, attention
c. Attention, retention, reproduction, motivation
d. Retention, reproduction, attention, motivation

11 Which type of memory is responsible for procedural skills? ميدترم ترم تاني 2025 (صور الجروب)

a. Explicit
b. Semantic
c. Implicit
d. Episodic

12 In cognitivism, learning is explained by how a person: ميدترم ترم تاني 2025 (صور الجروب)

a. Behaves
b. Thinks
c. Reacts
d. Talks

13 Skinner's experiment drew our attention to which aspect of behaviorist learning theory? ميدترم ترم تاني 2025 (صور الجروب)

a. Humans learn like animals do
b. Reinforcement can strengthen learning
c. Reintegration of learning
d. Rats learn quicker than dogs

14 What is the main benefit for the learner to know his/her learning style? ميدترم ترم تاني 2025 (صور الجروب)

a. Choose the right career path
b. Read and write faster
c. Adapt proper learning strategies
d. Impress teachers with your skills

15 A student was not allowed to participate in class activities because of his poor grades. This is known as: ميدترم ترم تاني 2025 (صور الجروب)

a. Punishment
b. Negative reinforcement
c. Exclusion
d. Positive reinforcement

16 Complete: Learners who remember conversations and enjoy reading text aloud are ..... ميدترم ترم تاني 2025 (صور الجروب)

.....

17 Complete: Learners who learn best by application of information are ..... ميدترم ترم تاني 2025 (صور الجروب)

.....

18 Complete: A biologically and developmentally imposed set of personal characteristics that make the same teaching method effective for some and ineffective for others is ..... ميدترم ترم تاني 2025 (صور الجروب)

.....

19 Complete: The ability to interpret and respond to the moods, emotions, motivations and actions of others is ..... ميدترم ترم تاني 2025 (صور الجروب)

.....

20 Complete: The acronym that refers to the four types of learning styles categorized by sensory approaches is ..... ميدترم ترم تاني 2025 (صور الجروب)

.....

21 The way individuals process information is defined as: ميدترم (ملف Quizzes & Midterm Answers)

a. Learning need
b. Learning style
c. Learning process
d. Learning goal

22 Kinesthetic is a learning style that remembers by doing, moving and touching. (True / False) ميدترم (ملف Quizzes & Midterm Answers)

a. True
b. False

23 Learning styles refer to: ميدترم (ملف ميدتيرم stratigy)

a. Time when the learner expresses his interest
b. Methods of health care techniques
c. Characteristics of intended learners
d. Way that learners process information

24 Visual learners process new information through: ميدترم (ملف ميدتيرم stratigy)

a. Lectures and discussion
b. Written and verbal directions
c. Records and reports
d. Graphics and illustrations

25 Which learning style is considered when the client demonstrates insulin injection? — ميدترم (ملف ميدتيرم stratigy)

a. Visual
b. Kinesthetic
c. Auditory
d. Reading

26 Items can typically be stored in working memory (skills and procedures) for approximately how long? — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Approximately 5 minutes
b. About 20 seconds
c. For an indefinite period
d. Only a few hours

27 Compared to the behavioristic orientation, the cognitive learning theory recognizes people as what type of learners? — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Observable actions
b. Active
c. Continuous
d. Innate

28 The correct sequence of the observational learning process is: — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Retentional → Production → Motivational → Attentional
b. Attentional → Retentional → Production → Motivational
c. Motivational → Attentional → Production → Retentional

29 The essential difference between negative reinforcement and punishment is that: — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Punishment decreases the behavior while negative reinforcement increases it
b. Individual performance contracts with each student
c. Behavior modification
d. Reduce the amount of information to be stored in memory

30 The primary difference between implicit and explicit memories is the amount of information that can be stored in each type of memory. (True / False) — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. True
b. False

31 What are role models? — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Individuals who provide us with financial support and resources
b. Peers who we compete with in various activities and sports
c. Characters that influence our dreams and aspirations
d. Family members who we observe and imitate

32 Which of the following can best describe learning? — كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Adopting problem solving strategy to enhance critical thinking
b. A relatively permanent change of behavior
c. Using motivation and reinforcement to ensure readiness to learn
d. Using a variety of innovative teaching

33 Classical conditioning theory propounded by Ivan Pavlov explains learning by:

كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Reinforcement
b. Association
c. Imitation
d. Insight

34 A _____ strengthens a behavior while a _____ decreases a behavior.

كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Reinforcer; punishment
b. Incentive; neglect
c. Encouragement; distraction
d. Motivator; reward

35 "All human beings possess all nine intelligences in varying degrees" is a key principle of:

كويز 1 استراتيجيات التدريس (Microsoft Forms)

a. Cognitivism
b. Social learning theory
c. Gardner's theory
d. Behaviorism

36 Which of the following would best appeal to a right-brain learner studying science?

كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Conducting a step-by-step experiment
b. Reading detailed research papers
c. Watching a summarized video about the topic
d. Creating an organized chart of scientific findings

37 In the VARK model, a learner who benefits from physical movement, hands-on activities, and simulations is classified as:

كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Visual
b. Kinesthetic
c. Auditory
d. Reading/Writing

38 According to VARK, if a learner demonstrates an even preference for all four styles, the best teaching strategy is to:

كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Focus primarily on one style that the learner enjoys
b. Develop a balanced and diverse approach to instruction
c. Limit instruction to written content and lecture formats
d. Provide only visual and auditory resources

39 Which of the following describes a left-brain learner's approach to solving a complex problem?

كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Brainstorming a wide range of possibilities
b. Applying logical steps and a clear process

40 A student who prefers listening to lectures, discussions and podcasts, and excels at remembering spoken information, is most likely which type of learner in the VARK model?

كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Visual
b. Kinesthetic
c. Auditory

41 **Which study habit aligns best with a visual learner's strengths?** كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Using flowcharts and mind maps to organize information
b. Listing facts aloud repeatedly
c. Typing out essays to reinforce ideas

42 **A kinesthetic learner needs to study anatomy. What should they prioritize?** كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Watching animated videos
b. Reading a detailed textbook
c. Using a model while studying
d. Listening to a lecture

43 **How can a reading/writing learner best retain knowledge for an exam?** كويز 2 استراتيجيات التدريس (Microsoft Forms)

a. Writing information multiple times
b. Associating words with images
c. Watching videos multiple times
d. Acting out the meanings

44 **Implicit memory is a type of memory that involves:** كويز 1 استراتيجيات – ترم ثاني 2025

a. Conscious recollection of information
b. Unconscious retention of information
c. Explicit retrieval of information
d. Declarative knowledge

45 **Which intelligence is most relevant for a nursing student excelling in patient communication?** تكرر في 2 مصادر كويز 1 استراتيجيات – ترم ثاني 2025

a. Naturalistic
b. Interpersonal
c. Intrapersonal
d. Emotional

46 **Which learning theory focuses on how students process, store, and retrieve information?** تكرر في 2 مصادر كويز 1 استراتيجيات – ترم ثاني 2025

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

47 **Which classroom activity would most engage a kinesthetic learner?** كويز 1 استراتيجيات – ترم ثاني 2025

a. Writing an essay
b. Participating in a role-play exercise
c. Listening to a podcast
d. Watching a slideshow presentation

48 **The key limitation of behaviorism in nursing education:** تكرر في 2 مصادر كويز 1 استراتيجيات – ترم ثاني 2025

a. Ignores the role of internal mental processes
b. Stresses critical thinking and problem-solving
c. Focuses on self-directed and life-long learning
d. Promotes collaborative and cooperative learning

49 **Which learning theory supports the nurse educator's role in providing immediate feedback to reinforce desired behaviors?** تكرر في 2 مصادر كويز 1 استراتيجيات – ترم ثاني 2025

a. Constructivism
b. Behaviorism
c. Cognitivism
d. Humanism

50 A spatial learner is tasked with analyzing data. What approach would work best? كويز 1 استراتيجيات – ترم تاني 2025

a. Discussing the data in a group
b. Reading a detailed textual explanation
c. Creating graphs and visualizing trends

51 The way that learner process information is called: أسئلة سابقة

a. Learning styles
b. Learning needs
c. Learning objectives
d. Learning resource

52 A client demonstrates insulin injection, this is considered which learning style: أسئلة سابقة

a. Visual
b. Kinesthetic
c. Auditory
d. Reading

53 The way that learner process information is called: أسئلة سابقة

a. Learning resource
b. Learning needs
c. Learning styles
d. Learning objectives

54 Nurses must be aware of many learning styles to: أسئلة سابقة

a. Exclude many learners
b. Assess learners' desires
c. Monitor behavior change
d. Deal with different learners

55 Kinesthetic learners process new information through: أسئلة سابقة

a. Images and demonstrations
b. Graphics and illustrations
c. Lectures and discussion
d. Touching, feeling, or doing

Part B · NCLEX-Style Practice

أسئلة على طريقة NCLEX (إضافة)

N1 Pavlov's classical conditioning explains learning through: NCLEX

a. Reinforcement
b. Association between stimuli
c. Imitation
d. Insight

N2 Removing an unpleasant stimulus to increase a behavior is: NCLEX

a. Positive reinforcement
b. Negative reinforcement
c. Punishment
d. Extinction

N3 Select ALL steps of Bandura's social learning in correct sequence elements. SELECT ALL

a. Attention
b. Retention
c. Reproduction
d. Motivation
e. Assimilation

N4 Which theory views learners as active processors who store and retrieve information? NCLEX

a. Behaviorism
b. Cognitivism
c. Classical conditioning
d. Operant conditioning

N5 **A student who learns best using models and hands-on practice is a:** NCLEX

a. Visual learner
b. Auditory learner
c. Reading/writing learner
d. Kinesthetic learner

N6 **Procedural skills (e.g., riding a bike) are stored in which memory?** NCLEX

a. Explicit
b. Episodic
c. Implicit
d. Semantic

Part C · Quizlet Flashcards

كروت مراجعة سريعة

غطّي العمود الأبيض بورقة واختبر نفسك: شوف المصطلح وقول التعريف.

Learning	Relatively permanent change of behavior.	**Behaviorism**	Observable behavior; S-R; limitation: ignores mental processes.
Classical (Pavlov)	Learning by association; involuntary response; passive learner.	**Operant (Skinner)**	Learning by consequences; voluntary; active learner.
Positive reinforcement	Add pleasant → behavior ↑.	**Negative reinforcement**	Remove unpleasant → behavior ↑.
Punishment	Behavior ↓ (e.g., excluded from class for poor grades).	**Cognitivism**	How people think, process, store, retrieve; active learners.
Social learning (Bandura)	Attention → retention → reproduction → motivation; role models.	**Gardner**	9 intelligences; all possessed in varying degrees.
Working memory	~20 seconds.	**VARK**	Visual, Auditory, Reading/writing, Kinesthetic.

Answer Key

الإجابات

1. b — Behaviorism
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

2. b — Interpersonal
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

3. a — Ignores the role of internal mental processes
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

4. c — Cognitivism
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

5. d — Emotional
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

6. c — Drawing concept maps and diagrams
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

7. c — The ways individuals best process and retain information
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

8. d — Interpreting written instructions without verbal explanations
إجابة مقترحة (المصدر مفيهوش إجابة رسمية). الصياغة في الصورة مقصوصة («he might struggle with») — إجابة مقترحة.

9. d — Behaviorism
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

10. c — Attention, retention, reproduction, motivation
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

11. c — Implicit
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

12. b — Thinks
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

13. b — Reinforcement can strengthen learning
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

14. c — Adapt proper learning strategies
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

15. a — Punishment
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

16. ✎ — Auditory learners
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

17. ✎ — Kinesthetic learners
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

18. ✎ — Learning style
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

19. ✎ — Interpersonal intelligence
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

20. ✎ — VARK
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

21. b — Learning style

22. a — True

23. d — Way that learners process information

24. d — Graphics and illustrations

25. b — Kinesthetic

26. b — About 20 seconds
الطالب اختار indefinite period — ده للـ long-term memory الـ؛ working (short-term) memory حوالي 20 ثانية.

27. b — Active

28. b — Attentional → Retentional → Production → Motivational

29. a — Punishment decreases the behavior while negative reinforcement increases it

30. b — False

31. c — Characters that influence our dreams and aspirations

32. b — A relatively permanent change of behavior

33. b — Association
الطالب اختار imitation (ده التعلم بالملاحظة لباندورا) — بافلوف = association (ربط مثير بمثير).

34. a — Reinforcer; punishment

35. c — Gardner's theory

36. c — Watching a summarized video about the topic

37. b — Kinesthetic

38. b — Develop a balanced and diverse approach to instruction

39. b — Applying logical steps and a clear process

40. c — Auditory

41. a — Using flowcharts and mind maps to organize information

42. c — Using a model while studying

43. a — Writing information multiple times

44. b — Unconscious retention of information

45. b — Interpersonal

46. c — Cognitivism

47. b — Participating in a role-play exercise

48. a — Ignores the role of internal mental processes

49. b — Behaviorism

50. c — Creating graphs and visualizing trends

51. a — Learning styles

52. b — Kinesthetic

53. c — Learning styles

54. d — Deal with different learners

55. d — Touching, feeling, or doing
إجابة مقترحة.

N1. b — Association between stimuli
Classical conditioning pairs a neutral stimulus with an unconditioned one.

N2. b — Negative reinforcement
Reinforcement (positive or negative) always increases behavior; punishment decreases it.

N3. a, b, c, d — Attention; Retention; Reproduction; Motivation
Order: attention → retention → reproduction → motivation.

N4. b — Cognitivism
Cognitivism focuses on mental processes such as memory.

N5. d — Kinesthetic learner
Kinesthetic learners learn by doing, touching and moving.

N6. c — Implicit
Implicit (procedural) memory is unconscious.
