المصادر اللي اتجمعت منها أسئلة المحاضرة دي:

فاينال ترم أول 2025 (صور الجروب) · ميدترم ترم تاني 2025 (صور الجروب) · ميدترم (ملف Quizzes & Midterm Answers) · أسئلة سابقة · كويز 2 استراتيجيات 2025 (ترم أول) · ميدترم (ملف ميدتيرم stratigy)

جنب كل سؤال مصدره. لو السؤال اتكرر في كذا امتحان مكتوب كل مرة بمصدرها، وعليه علامة "تكرر". الإجابات كلها في آخر الملف.

اللَّهُمَّ لا سَهْلَ إِلَّا ما جَعَلْتَهُ سَهْلًا، وأنتَ تَجْعَلُ الحَزْنَ إذا شِئْتَ سَهْلًا — صلِّ على النبي ﷺ

Part A · Past Exam Questions

أسئلة الدفعات السابقة

1 فاينال ترم أول 2025 (صور الجروب)

In learning needs assessment, what is the primary focus of identifying "unperceived needs"?

a. Addressing gaps already recognized by learners
b. Discovering needs learners are unaware of themselves
c. Evaluating environmental factors
d. Developing solutions from self-reported data

2 ميدترم ترم تاني 2025 (صور الجروب)

Learning needs can best be defined as:

a. The manner by which an individual perceives and processes information
b. Gap in knowledge between a desired and actual level of performance
c. Interest and ability in learning the type and degree of information
d. Outcome by which learners show more confidence

3 ميدترم ترم تاني 2025 (صور الجروب)

Unknown to the learner or unperceived needs ("I don't know what I don't know") is:

a. Needs that learners are aware of and can articulate
b. Needs not recognized by the learners themselves
c. Learners believe they understand a concept while they misunderstand it
d. Needs arising when environmental changes create a new requirement

4 A nurse is going to teach a patient about hypertension. Which action should the nurse implement first? (ميدترم (ملف Quizzes & Midterm Answers)

a. Assess what the patient already knows about hypertension
b. Set mutual goals for knowledge of hypertension
c. Evaluate the outcomes of patient education
d. Teach what the patient wants to know about hypertension

5 Readiness to learn refers to the time when the learner is bored with the learning process. (True / False) (ميدترم (ملف Quizzes & Midterm Answers)

a. True **b.** False

6 Readiness to learn refers to the time when the learner is: تكرر في 3 مصادر (ميدترم (ملف Quizzes & Midterm Answers)

a. Exhausted and feels fatigue **b.** Restricted motivation to learn
c. Interested in the learning process **d.** Bored from the learning process

7 Learner's experiential readiness is to assess: (ميدترم (ملف ميدتيرم stratigy)

a. Past coping mechanism **b.** Level of anxiety
c. Environmental effects **d.** Present knowledge base

8 Readiness to learn refers to the time when the learner is: تكرر في 3 مصادر (ميدترم (ملف ميدتيرم stratigy)

a. Exhausted and feels fatigue **b.** Bored from the learning process
c. Interested in the learning process **d.** Restricted motivation to learn

9 Emotional readiness to learn is used to assess: تكرر في 2 مصادر (ميدترم (ملف ميدتيرم stratigy)

a. Health status **b.** Anxiety level
c. Cognitive ability **d.** Cultural diversity

10 Learning ..... is the desire to know something that is unknown. (ميدترم (ملف ميدتيرم stratigy)

a. Needs **b.** Styles
c. Objectives **d.** Resources

11 What is one key strategy for meeting diverse student needs in the classroom? (كويز 2 استراتيجيات 2025 (ترم أول)

a. Providing the same instruction to all students
b. Sorting students according to learning needs
c. Assigning homework without guidance
d. Focusing solely on advanced learners

12 Learning needs means: (أسئلة سابقة)

a. Providing negative reinforcement
b. Discussing personal life with the learners
c. Neglecting giving feedback to the learners
d. Desiring to know something that is unknown

13 The first step of formulating a health education is: أسئلة سابقة

a. Assess learners' need
b. Evaluate teaching session
c. Apply teaching session
d. Specify learners' objectives

14 Readiness to learn refers to the time when the learner is: تكرر في 3 مصادر أسئلة سابقة

a. Exhausted to learn
b. Interested to learn
c. Bored to learn
d. Unable to learn

15 Emotional readiness to learn is used to assess: تكرر في 2 مصادر أسئلة سابقة

a. Anxiety level
b. Health status
c. Cognitive ability
d. Cultural diversity

16 The first step of formulating a health education is: أسئلة سابقة

a. Assess learners' need
b. Apply teaching session
c. Evaluate teaching session
d. Specify learners' objectives

17 Readiness to learn refers to the time when the learner is: تكرر في 3 مصادر أسئلة سابقة

a. Exhausted and feel fatigue
b. Bored from the learning process
c. Interested in the learning process
d. Restricted motivation to learn

18 Assessing learning needs is defined as the gap between: أسئلة سابقة

a. Learner knowledge, attitude and environment
b. Teacher and learner sources of information
c. Learner desired and actual level of performance
d. Learner and the teacher readiness to learn

19 The process of gathering, interpreting and using data in health education to decide the direction for action, is considered as: أسئلة سابقة

a. Assessment
b. Planning
c. Implementation
d. Evaluation

Part B · NCLEX-Style Practice

أسئلة على طريقة NCLEX (إضافة)

N1 Learning needs are best defined as: NCLEX

a. Learning styles
b. The gap between the desired and actual level of performance
c. Teaching strategies
d. Learner's emotions

N2 The first step before teaching a patient about hypertension is to: NCLEX

a. Teach everything
b. Assess what the patient already knows
c. Evaluate outcomes
d. Give a leaflet

N3 Select ALL methods of assessing learning needs. SELECT ALL

a. Interviews
b. Questionnaires
c. Focus groups
d. Observation
e. Ignoring the learner's input

N4 'I don't know what I don't know' describes: NCLEX

a. Felt needs
b. Unperceived needs
c. Expressed needs
d. Normative needs

N5 Emotional readiness to learn assesses: NCLEX

a. Health status
b. Anxiety level
c. Knowledge base
d. Past experiences

N6 Readiness to learn refers to the time when the learner is: NCLEX

a. Exhausted
b. Interested in learning
c. Bored
d. In pain

Part C · Quizlet Flashcards

كروت مراجعة سريعة

غطّي العمود الأبيض بورقة واختبر نفسك: شوف المصطلح وقول التعريف.

Learning need	Gap between desired and actual performance.	**First step**	Assess learners' needs.
Unperceived needs	Learner unaware ('don't know what I don't know').	**Readiness types**	Physical, emotional, experiential, knowledge.
Emotional readiness	Anxiety level.	**Experiential readiness**	Past coping mechanisms/experience.
Readiness	When learner is interested.	**Methods**	Interview, questionnaire, focus group, observation, tests.
Importance	Prioritize content, save resources, motivate learners.	**Diverse needs**	Sort/group learners according to needs.
Motivation	Greatest when learner recognizes a need.	**Relevance**	Connect new info with what is known.

Answer Key

الإجابات

1. b — Discovering needs learners are unaware of themselves
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

2. b — Gap in knowledge between a desired and actual level of performance
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

3. b — Needs not recognized by the learners themselves
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

4. a — Assess what the patient already knows about hypertension

5. b — False

6. c — Interested in the learning process

7. a — Past coping mechanism

8. c — Interested in the learning process

9. b — Anxiety level

10. a — Needs

11. b — Sorting students according to learning needs
إجابة مقترحة (المصدر مفيهوش إجابة رسمية).

12. d — Desiring to know something that is unknown

13. a — Assess learners' need

14. b — Interested to learn

15. a — Anxiety level

16. a — Assess learners' need

17. c — Interested in the learning process

18. c — Learner desired and actual level of performance

19. a — Assessment
إجابة مقترحة (assessment).

N1. b — The gap between the desired and actual level of performance
A learning need is a gap in knowledge, skills or attitudes.

N2. b — Assess what the patient already knows
Assessment of learning needs comes first.

N3. a, b, c, d — Interviews; Questionnaires; Focus groups; Observation
Multiple methods give a complete picture.

N4. b — Unperceived needs
Unperceived needs are not recognized by the learners themselves.

N5. b — Anxiety level
Physical, emotional (anxiety), experiential and knowledge readiness.

N6. b — Interested in learning
Learning is most effective when the learner is ready and interested.
