اللَّهُمَّ لا سَهْلَ إِلَّا ما جَعَلْتَهُ سَهْلًا، وأنتَ تَجْعَلُ الحَزْنَ إذا شِئْتَ سَهْلًا — صلِّ على النبي ﷺ

Part A · Past Exam Questions

أسئلة الدفعات السابقة

1 One of the following describes family-centered care: تكرر في 3 مصادر — ميدترم 2020

a. Recognizes that the family is the constant in a child's life
b. Reduces effect of cultural diversity on the family
c. Encourages family dependence on the health care system
d. Avoids families being part of the decision-making process

2 One of the following responsibilities is included in the pediatric nurse's roles: تكرر في 6 مصادر — ميدترم 2020

a. Establishing lifelong friendships
b. Providing financial assistance
c. Promoting disease prevention
d. Making decisions alone

3 One of the following responsibilities is included in the pediatric nurse's roles: تكرر في 6 مصادر — ميدترم 2021

a. Promoting disease prevention
b. Establishing life-long friendships
c. Providing financial assistance
d. Making decisions alone

4 Which of the following is the key component of family-centered care? تكرر في 2 مصادر — ميدترم 2022

a. Respect
b. Resources
c. Research
d. Reform

5 One of the following responsibilities is included in the pediatric nurse's roles: ميدترم 2022

تكرر في 6 مصادر

a. Promoting disease prevention
b. Providing financial assistance
c. Establishing life-long friendships
d. Making decisions alone

6 Which of the following responsibilities is one of the pediatric nurse's roles? ميدترم 2024 (ترم أول 2023-2024)

a. Establishing life-long friendships
b. Providing financial assistance
c. Making decisions alone
d. Promoting disease prevention

7 Which of the following is NOT among the factors that affect the infant mortality rate? كويز 1 – 2021

تكرر في 2 مصادر

a. Short or long gestation
b. Birth weight of the newborn
c. Low level of father education
d. Low level of maternal education

8 A homeless school-age child came to the pediatric ER after a car accident; he stated that he lives in the street because his father is violent against him. This is an example of ..... morbidity. كويز 1 – 2021

a. Chronic
b. New
c. Acute
d. Chest

9 When a pediatric nurse teaches a mother to give a bath to her 6-month-old child, this reflects which concept of family-centered nursing care? كويز 1 – 2022

a. Enhancing
b. Respecting
c. Enabling
d. Collaborating

10 Which of the following problems is considered a new morbidity that may alter child health? كويز 1 – 2022

a. Obesity
b. Poverty
c. Isolation
d. Depression

11 Which of the following is most descriptive of family-centered care? كويز 1 – 2022 (نسخة بلاك بورد)

تكرر في 3 مصادر

a. Recognizes that the family is the constant in a child's life
b. Reduces effect of cultural diversity on the family
c. Avoids families being part of the decision-making process
d. Encourages family dependence on the health care system

12 One of the following responsibilities is included in the pediatric nurse's roles: كويز 1 – 2022 (نسخة بلاك بورد)

تكرر في 6 مصادر

a. Establishing life-long friendships
b. Making decisions alone
c. Promoting disease prevention
d. Providing financial assistance

13 The last cause of infant mortality in both developed and developing countries is ..... تكرر في 2 مصادر

كويز 1 – 2023/2024 (شعبة 4)

a. Accidents
b. Congenital anomalies
c. Diarrhea
d. Malnutrition

14 A nurse asks a mother to bathe her infant then teaches her the accurate bathing; this is an application of the concept of ..... in family-centered nursing care.

كويز 1 – 2023/2024 (شعبة 4)

a. Empowerment
b. Enabling
c. Respecting
d. Collaboration

15 The second leading cause of infant mortality in developing countries is:

كويز 1 إعادة – ترم ثاني 2023/2024

a. Diarrheal disease
b. Chronic illness
c. Endocrine disorder
d. Blood disorder

16 One of the following is a key component of family-centered care:

كويز 1 إعادة – ترم ثاني 2023/2024

a. Collaboration
b. Leadership
c. Professionalism
d. Decision making

17 Which of the following is a primary level of the pediatric nurse role?

كويز 1 – ترم ثاني 2025

a. Provides nursing care for the ill child
b. Performs complex surgical procedures for a child
c. Assists children with disabilities following illness
d. Maintains the child's health and prevents diseases

18 Which of the following is a leading cause of infant mortality in developing countries?

كويز 1 – ترم ثاني 2025

a. Low birth weight
b. Sepsis of newborn
c. Acute respiratory infections
d. Sudden infant death syndrome

19 A pediatric nurse makes an opportunity for a mother of a 6-month-old child in the pediatric ward to give a bath to her infant. This reflects which concept of family-centered nursing care? تكرر في 3 مصادر

كويز 1 (ملف Quiz 1 and 2)

a. Enabling
b. Collaboration
c. Empowerment
d. Respect

20 Which of the following responsibilities is considered one of the pediatric nurse's roles? تكرر في 2 مصادر

كويز 1 (ملف Quiz 1 and 2)

a. Establishing life-long friendships
b. Making decisions alone
c. Providing financial assistance
d. Promoting disease prevention

21 Which of the following is most descriptive of family-centered care? كويز 1 أطفال نظري (Microsoft Forms)

تكرر في 3 مصادر

a. Encourages family dependence on the health care system
b. Avoids families being part of the decision-making process
c. Recognizes that the family is the constant in a child's life
d. Reduces effect of cultural diversity on the family

22 Which of the following is the common cause of mortality among children in developing countries? كويز 1 أطفال نظري (Microsoft Forms)

a. Large birth weight
b. Female gender
c. Chronic illness
d. Acute lower respiratory infections

23 The most important factor affecting the infant mortality rate is ..... كويز (ملف pediatric Quiz)

تكرر في 2 مصادر

a. Birth weight
b. Gender
c. Maternal age
d. Prematurity

24 Which of the following represents "new morbidity" that may alter children's health? تكرر في 2 مصادر كويز (ملف pediatric Quiz)

a. Psychological problems
b. Social problems
c. Physical problems
d. Mental problems

25 The most leading cause of newborn mortality in developed countries is ..... كويز (ملف pediatric Quiz)

تكرر في 2 مصادر

a. Infections
b. Accidents
c. Hypothyroidism
d. Jaundice

26 A pediatric nurse makes an opportunity for a mother of a 6-month-old child in the pediatric ward to give a bath to her infant. This reflects which concept of family-centered nursing care? تكرر في 3 مصادر كويز (ملف pediatric Quiz)

a. Empowerment
b. Respect
c. Enabling
d. Collaboration

27 Factors that affect infant mortality: كويز (ملف DOC-2022)

a. Place of house
b. Birth weight
c. Parent health
d. Family size

28 One of the key components of family-centered care is: تكرر في 2 مصادر كويز (ملف DOC-2022)

a. Belonging
b. Respect
c. Intimacy
d. Independency

35 A pediatric nurse makes an opportunity for a mother of a 6-month hospitalized child to give a bath to her infant. Which concept of family-centered nursing care does this reflect?

تجميعة صور ميدترمات سابقة

a. Enabling
b. Collaboration
c. Respect
d. Empowerment

36 Factors that affect the infant mortality:

أسئلة سابقة

a. Place of house
b. Birth weight
c. Parent health
d. Family size

37 The most important factor affecting the infant mortality rate is ..... تكرر في 2 مصادر أسئلة سابقة

a. Birth weight
b. Gender
c. Maternal age
d. Prematurity

38 Which of the following represents "new morbidity" that may alter children' health ? أسئلة سابقة

a. Psychological problems
b. Social problems
c. Physical problems
d. Mental problems

39 The most leading cause of newborn mortality in developed countries is ..... تكرر في 2 مصادر أسئلة سابقة

a. Infections
b. Accidents
c. Hypothyroidism
d. Jaundice

40 A pediatric nurse makes an opportunity for a mother of 6month old child in pediatric ward to give a bath to her infant. This reflects which concepts of family centered nursing care ? أسئلة سابقة

a. Empowerment
b. Respect
c. Enabling
d. Collaboration

41 Which of the following is the key component of family centered care ? تكرر في 2 مصادر أسئلة سابقة

a. Respect.
b. Resources
c. Research.
d. Reform

42 One of the following responsibilities is included in the pediatric nurse's roles: أسئلة سابقة
تكرر في 6 مصادر

a. Promoting disease prevention.
b. Providing financial assistance.
c. Establishing life-long friendships.
d. Making decision alone.

43 Which of the following is not among the factors that affect the infant mortality rate ? أسئلة سابقة
تكرر في 2 مصادر

a. Short or long gestation
b. Birth weight of the newborn.
c. Low level of father education.
d. Low level of maternal education

44 A homeless school age child came to pediatric emergency room after car accident; in this stated that he lives in the street because his father is violent against him. This is an example of ..... morbidity. أسئلة سابقة

a. Chronic.
b. New
c. Acute.
d. Chest.

45 Which of the following is the leading cause of death for children in developing countries ? أسئلة سابقة
تكرر في 2 مصادر

a. Acute lower respiratory tract infections
b. Childhood cancer
c. Sudden infant death syndrome
d. Heart diseases

46 Accidents are the ..... leading cause of infant mortality in both developing and developed countries. تكرر في 2 مصادر

أسئلة سابقة

a. Last
b. Second
c. Third
d. First

47 One of the following describes family centered care: تكرر في 3 مصادر

أسئلة سابقة

a. Recognizes that the family is the constant in a child's life
b. Reduces effect of cultural diversity on the family.
c. Encourages family dependence on health care systems
d. Avoids families to be part of the decision-making process

48 Factors that affects the infant mortality :

أسئلة سابقة

a. Place of house.
b. Birth weight.
c. Parent health.
d. Family size.

49 One of the key components of family centered care is : تكرر في 2 مصادر

أسئلة سابقة

a. Belonging.
b. Respect
c. Intimacy
d. Independency.

50 The last cause of infant mortality in both developed and developing countries is ..... تكرر في 2 مصادر

أسئلة سابقة

a. Accidents
b. Congenital anomalies
c. Diarrhea
d. Malnutrition

أسئلة سابقة

a. Empowerment
b. Enabling
c. Respecting
d. Collaboration

52 A pediatric nurse makes an opportunity for a mother of a 6-month-old child in the pediatric ward to give a bath to her infant. This reflects which concept of family-centered nursing care? تكرر في 3 مصادر

أسئلة سابقة

a. Empowerment
b. Respect
c. Enabling
d. Collaboration

53 Which of the following is NOT among the factors that affect the infant mortality rate? تكرر في 2 مصادر

أسئلة سابقة

a. Short or long gestation
b. Birth weight of the newborn
c. Low level of father education
d. Low level of maternal education

54 Which of the following responsibilities is considered one of the pediatric nurse's roles? تكرر في 2 مصادر

أسئلة سابقة

a. Establishing life-long friendships
b. Providing financial assistance
c. Making decision alone
d. Promoting disease prevention

55 The most important factor affecting the infant mortality rate is: تكرر في 2 مصادر أسئلة سابقة

a. Birth weight
b. Gender
c. Maternal age
d. Prematurity

56 Which of the following represents "new morbidity" that may alter children's health? تكرر في 2 مصادر أسئلة سابقة

a. Psychological problems
b. Social problems
c. Physical problems
d. Mental problems

57 The most leading cause of newborn mortality in developed countries is: تكرر في 2 مصادر أسئلة سابقة

a. Infections
b. Accidents
c. Hypothyroidism
d. Jaundice

58 Which of the following is most descriptive of family-centered care? تكرر في 3 مصادر أسئلة سابقة

a. Recognizes that the family is the constant in a child's life
b. Reduces effect of cultural diversity on the family
c. Avoids families being part of the decision-making process
d. Encourages family dependence on the health care system

59 Which of the following is the key component of family-centered care? تكرر في 2 مصادر أسئلة سابقة

a. Respect
b. Resources
c. Research
d. Reform

60 Which of the following is the leading cause of death for children in developing countries? تكرر في 2 مصادر أسئلة سابقة

a. Acute lower respiratory tract infections
b. Childhood cancer
c. Sudden infant death syndrome
d. Heart diseases

Part B · NCLEX-Style Practice

أسئلة على طريقة NCLEX (إضافة)

N1 The infant mortality rate is defined as the number of deaths: NCLEX

a. Under 5 years per 1000 population
b. In the first year of life per 1000 live births
c. In the first 28 days per 1000 live births
d. In the first week of life per 100 births

N2 Which is considered the most important single factor affecting infant mortality? NCLEX

a. Gender
b. Birth weight
c. Family size
d. Place of residence

N3 Select ALL examples of the 'new morbidity'. SELECT ALL

a. Poverty
b. Violence
c. School failure
d. Adjustment to divorce
e. Measles

N4 The nurse teaches a mother how to give insulin so she can do it at home. Which family-centered care concept is this? NCLEX

a. Respect
b. Enabling
c. Collaboration
d. Dignity

N5 Which is a PRIMARY prevention role of the pediatric nurse? NCLEX

a. Caring for a child with pneumonia
b. Immunization and health teaching
c. Rehabilitation after injury
d. Physiotherapy for cerebral palsy

N6 The leading cause of death in children older than 1 year is: NCLEX

a. Infections
b. Congenital anomalies
c. Injuries (accidents)
d. Cancer

Part C · Quizlet Flashcards

كروت مراجعة سريعة

غطّي العمود الأبيض بورقة واختبر نفسك: شوف المصطلح وقول التعريف.

IMR	Infant deaths in first year per 1000 live births.	**Neonatal mortality**	Deaths < 28 days of life.
Post-neonatal mortality	Deaths from 28 days to 11 months.	**Most important IMR factor**	Birth weight.
Leading infant death (developed)	Congenital anomalies/short gestation; newborn: infections (per bank).	**Leading infant death (developing)**	Acute lower respiratory infections, then diarrhea.
Accidents	Last cause of infant mortality in both developed & developing countries.	**New morbidity**	Social/behavioral problems: poverty, violence, school failure, divorce.
Family-centered care	Family is the constant in the child's life.	**FCC concepts**	Enabling, empowerment, respect, collaboration (key component: respect).
Enabling	Giving family opportunity to use/learn skills (e.g., bathing her infant).	**Nurse roles**	Health promotion, disease prevention, advocacy, therapeutic relationship, research, ethical decision making.

Answer Key

الإجابات

1. a — Recognizes that the family is the constant in a child's life

2. c — Promoting disease prevention

3. a — Promoting disease prevention

4. a — Respect

5. a — Promoting disease prevention

6. d — Promoting disease prevention

7. c — Low level of father education

8. b — New

9. c — Enabling

10. b — Poverty

11. a — Recognizes that the family is the constant in a child's life

12. c — Promoting disease prevention

13. a — Accidents

14. b — Enabling

15. a — Diarrheal disease

16. a — Collaboration

17. d — Maintains the child's health and prevents diseases

18. c — Acute respiratory infections

19. a — Enabling

20. d — Promoting disease prevention

21. c — Recognizes that the family is the constant in a child's life

22. d — Acute lower respiratory infections

23. a — Birth weight

24. b — Social problems

25. a — Infections

26. c — Enabling

27. b — Birth weight

28. b — Respect

29. a — Promoting disease prevention

30. a — Acute lower respiratory tract infections

31. b — Promoting disease prevention

32. c — Promoting disease prevention

33. a — Last

34. a — Recognizes that the family is the constant in a child's life

35. a — Enabling

36. b — Birth weight

37. a — Birth weight

38. b — Social problems

39. a — Infections

40. c — Enabling

41. a — Respect.

42. a — Promoting disease prevention.

43. c — Low level of father education.

44. b — New

45. a — Acute lower respiratory tract infections

46. a — Last

47. a — Recognizes that the family is the constant in a child's life

48. b — Birth weight.

49. b — Respect

50. a — Accidents

51. b — Enabling

52. c — Enabling

53. c — Low level of father education

54. d — Promoting disease prevention

55. a — Birth weight

56. b — Social problems

57. a — Infections

58. a — Recognizes that the family is the constant in a child's life

59. a — Respect

60. a — Acute lower respiratory tract infections

N1. b — In the first year of life per 1000 live births
IMR = deaths of infants under 1 year per 1000 live births; neonatal mortality covers the first 28 days.

N2. b — Birth weight
Low birth weight is the strongest predictor of infant death.

N3. a, b, c, d — Poverty; Violence; School failure; Adjustment to divorce

The new morbidity refers to social, behavioral and educational problems; measles is a classic infectious disease.

N4. b — Enabling

Enabling gives families opportunities to display existing abilities and learn new ones to meet the child's needs.

N5. b — Immunization and health teaching

Primary prevention keeps disease from occurring (immunization, teaching); the others are secondary/tertiary.

N6. c — Injuries (accidents)

Unintentional injuries are the leading cause of death after the first year of life.
