Part C · Quizlet Flashcards

كروت مراجعة سريعة

غطّي العمود الأبيض بورقة واختبر نفسك: شوف المصطلح وقول التعريف.

Ethics	From Greek 'Ethos' — custom, habit, character
Autonomy	Right to make own decisions independently
Beneficence	Obligation to do good
Non-maleficence	Do no harm
Justice	Fair and equitable to all patients
Fidelity	Keeping promises / faithfulness
Paternalism	To protect the weak person
Veracity	Obligation to tell the truth
Ethical dilemma	Choice between equally desirable/undesirable alternatives
Utilitarian approach	Greatest balance of benefits over risks; greatest good for greatest number
Rights approach	Focus on individual's rights: choose, privacy, truth, freedom from harm
Informed consent	Required for invasive procedures — e.g., amniocentesis, internal fetal monitoring
Confidentiality	Information released only with patient's written permission
Incident report	Documents anything 'out of the ordinary' that may cause harm
Competent delivery services	Defined through the job description

Answer Key

الإجابات

1. d — Autonomy

2. a — Ethical dilemma

3. b — False

4. c — Justice

5. a — Utilitarian approach

6. c — Incident reports

7. a — Job description

8. a — Paternalism

9. c — Non-maleficence

10. c — When a patient authorizes disclosing it

11. b — Ethical principles

12. a — Autonomy

13. b — Incident reports

14. a — Utilitarian approach

15. c — Incident reports

N1. b — Respect her decision (autonomy) and document
A competent woman has the right to refuse treatment — autonomy.

N2. b — Witness the signature and confirm the client understood
The provider explains; the nurse witnesses and verifies understanding. Amniocentesis requires consent.

N3. a, b, d — Discussing the case only with the care team; Logging off the computer; Releasing information only with written consent
Information is owned by the patient and released only with written permission.

N4. b — Veracity
Veracity means telling the truth and disclosing accurate risks and benefits.

N5. b — Medication problems
Medication errors (dose, route, time, identification) are a common cause of lawsuits.

N6. b — Utilitarian approach
Utilitarian = greatest balance of benefits over risks.

N7. a — Fidelity
Fidelity = faithfulness/keeping promises.

N8. b — She may refuse but must ensure the client receives care
The ANA code upholds the nurse's right to refuse, while patient care must not be abandoned.
